Richard Hayes is a Seattle cop. After 25 years with the PD he thinks he knows everything there is to know about predators. The dregs of society like rapists, murderers, gang bangers, and child molesters are just another day at the office. Commonplace criminals become the least of his problems when he goes hunting for a serial killer and runs into a real monster. The creature not only attacks him, but merely gets pissed off when he shoots it. In the head. Twice! Surviving that fight is only the beginning. Richard discovers that the vampire he destroyed was the ruler of an eldritch realm he never dreamed existed. By some archaic rule, having defeated the monster's sovereign in battle, Richard becomes their new king. Now he is responsible for a host of horrors who stalk the night, howl at the moon, and shamble through the darkness. But, why would these creatures willingly obey a human? When it comes to human predators, Richard is a seasoned veteran, yet with paranormal ones he is but a rookie. He must navigate a web of intrigue and survive long enough to discover how a regular guy can tangle with supernatural creatures and prevail. One mistake and things surely won't end well...
