Raise successful kids today!

You can raise successful kids who mature into successful adults by using the right grooming techniques. It's easy, and helps parents become more successful too!

Mother of five and successful entrepreneur Dani Johnson has coached and mentored tens of thousands of clients to become successful, and without exception, their biggest stumbling blocks to achievement were the things they learned while they were kids. Dani's first-hand perspective and experience as a success coach and speaker offer a uniquely qualified voice. Grooming will help adults discover solutions to why they've struggled throughout their lives to reach the success they desire and also show them how to "groom" their own kids for success in life. Filled with easy-to-understand and apply principles and proven practices, Grooming gives parents, as well as anyone involved with young people, practical ways to raise children who are successful now-and will continue to be as adults. Teaching virtues such as respect, honor, obedience, and financial responsibility while young guarantees lifestyle success in adulthood. Instead of fumbling through life, success becomes a natural occurrence rather than an accident that they hopefully run into.

This unique, holistic approach incorporates the emotional, mental, physical, spiritual, and financial realms, which feature nine basic strategies including:

- Self-image
- People skills
- Accountability
- Work vs. play
- Financial responsibility
- Dreams and goals

These strategic tools help not only children and young people, but also those who are teaching them! As parents and caregivers instill the traits of joy and success, all are enhanced and transformed for the better.

You can start today breaking through barriers that stop children (and you!) from experiencing true freedom

emotionally, mentally, spiritually, and financially.
