Laundering People (Laundering Terrorism Book 1) John Gregorek

Money Laundering is not just for processing illegal drug money any more. It has evolved into just about anything; products, morals, even people, and is the root of conflict management in the fictional economy. Take an illegal product, process, or concept, and make it legal, unaccountable, or untraceable, with the victims paying, supporting, and defending it.

The growing list of Lessons on OstrichEyes.com provide Commodity Laundering examples within the United States economic and political systems. It is important to note, this Criminal behavior started generations ago. Understand how to Launder Commodities and you will understand American Politics and Economics. Politicians use the principles of money laundering to push their agendas while you paying the bills.

Those we believe are helping to level the playing field are using our rage to increase the divide because they have no power without it. We must focus on American interests and stop rooting for our team; Left, Right, or anything in between. How often do you encounter [the other Party did something equally bad] excuse. Stop defending criminals. Start prosecuting both sides. I'm very angry about this, and cannot understand how others are not equally disturbed by these findings. I'm tired of being treated like an expendable pawn for someone's political career. Aren't you?

All the information in this eBook is available online (<http://John.Gregorek.com/projects.html#LT>); click the Donation link to move the "Laundering Terrorism" Book Project forward wherein donors receive signed copies, or help by purchasing this eBook which contains links to other resources.
