In this classic work, Gayatri Chakravorty Spivak, one of the leading and most influential cultural theorists working today, analyzes the relationship between language, women and culture in both Western and non-Western contexts. Developing an original integration of powerful contemporary methodologies – deconstruction, Marxism and feminism – Spivak turns this new model on major debates in the study of literature and culture, thus ensuring that *In Other Worlds* has become a valuable tool for studying our own and other worlds of culture.
