## **Still Alice** Lisa Genova

In Lisa Genova's extraordinary *New York Times* bestselling novel, an accomplished professor diagnosed with Alzheimer's disease learns that her worth is comprised of more than her ability to remember. Now a major motion picture from Sony Pictures Classics starring Julianne Moore, Alec Baldwin, Kate Bosworth, and Kristen Stewart! Look for Lisa Genova's next novel *Inside the O'Briens*.

Alice Howland is proud of the life she worked so hard to build. At fifty years old, she's a cognitive psychology professor at Harvard and a world-renowned expert in linguistics with a successful husband and three grown children. When she becomes increasingly disoriented and forgetful, a tragic diagnosis changes her life—and her relationship with her family and the world—forever.

At once beautiful and terrifying, *Still Alice* is a moving and vivid depiction of life with early-onset Alzheimer's disease that is as compelling as *A Beautiful Mind* and as unforgettable as *Ordinary People*.
