"Whether you are happy with your sex life, or are looking for ways to spice it up, or you're flat out BORED and maybe even frustrated with how dull your sex life has turned out to be, then this book will definitely give you new eyes and desires for what your sex life could look like... Because this book is \*filled\* with all the juicy details that will do that for you. We all know how fast paced the world has become and our work days are getting longer and longer. You may feel that there is no time to romantic and intimate with our partners like we used to. It's much easier to just watch TV the rest of the night after putting the kids to bed, than it is to take initiative to have crazy wild sex. And the days you do have sex, it rather lacks excitement and is more of a fast release than passionate love making. If this is what your sex life has turned into, then you're not alone. The fact that you decided to pick up this book proves you truly care about your marriage and are willing to put in the work. With these NEW strategies you'll learn NEW methods that'll draw you closer to each other in new, fun and exciting sexual ways. (and frankly I'm relieved your marriage is worth more to you than the price of a \$2.99 book! That's a pretty good deal for someone who wants to revolutionize their sex life, or wouldn't you agree?) In many ways this book is also Divorce Prevention 101. Did you know 90%

of spouses that cheat do so because they feel SEXUALLY UNFULFILLED in their relationship? Do not let that happen to your marriage! Start taking your sex life to the next level today, don't let life pass you by. Choose happiness, choose to live out your sexual fantasies with your special someone." -Rochelle Foxx
