Children in Crisis: Violence, Victims, and Victories Marcel Lebrun

Today's world creates challenges that are overwhelming for so many kids and their families. Living without the necessary supports and sometimes the basics forces kids to go out and seek what they believe they need to survive. Many have become throwaway s and move to the streets and the underbelly of our society. As a society, we often assume that they have behavior disorders or have escaped their homes and just for a thrill. Yet for many of these kids, it is a choice between surviving or being abused, neglected, or killed at the hands of a supposedly trusted adult. This book is a real portrait of their struggles, their challenges, and their victories. *Children in Crisis* is a resource to build awareness, understanding, and solutions for educators, parents, and anyone working with children and adolescents.
