**Negotiating Critical Literacies with Young Children: 10th Anniversary Edition (Language, Culture, and Teaching Series)** Vivian Maria Vasquez

In this innovative and engaging text, Vivian Maria Vasquez draws on her own classroom experience to demonstrate how issues raised from everyday conversations with pre-kindergarten children can be used to create an integrated critical literacy curriculum over the course of one school year. The strategies presented are solidly grounded in relevant theory and research. The author describes how she and her students negotiated a critical literacy curriculum; shows how they dealt with particular social and cultural issues and themes; and shares the insights she gained as she attempted to understand what it means to frame ones teaching from a critical literacy perspective.
