Creative Teaching: Mathematics in the Early Years and Primary Classroom Mary Briggs

Creative Teaching is not only for the arts: this unique and stimulating book shows how mathematics and mathematics teaching can be creative, exciting and enjoyable. Offering teachers a dynamic and different perspective on mathematics, it enables them to see and teach in creative ways that will develop their pupil's mathematical thinking potential. The book:

- supports the government's Primary Strategy "Excellence and Enjoyment"
- covers both primary and early years range
- includes issues for reflection, discussion points and case studies
- addresses new teacher training modules on creativity and maths

Aimed at primary and early years trainee teachers, NQTs and experienced teachers, this is a timely publication for teachers and schools seeking to broaden their maths curriculum, making it more creative and appealing to young minds.
