## **Forex Trading Like You've Never Seen! (Easy Money Online Book 1)** Tolulope Odebunmi

The book is a short yet comprehensive expose on forex trading - teaching what drives the markets and therefore, where the market will be going. The author exposes the hidden secret of making money in the forex market without stress. Reading the book alone is convincing enough but, practicing the techniques taught in the book is not just much more convincing but also highly financially rewarding.

This book simply teaches why currency rates are not constant. It explains the forces that are responsible for the never - ending changing nature of currency rates: why they affect currency rates and how they affect currency rates.

It teaches an unbelievable simple strategy, that if carefully followed, can earn you between 50 pips and 500 pips in a single week and consistently like that every week.

Lessons from this book can be broken down into definite answers to the following questions:

- # What is currently happening to the forex market?
- # What currencies are worth focusing on at the moment?
- # Will the currencies appreciate or depreciate or remain neutral?
- # How far will the expected move go?
