Every life has a soundtrack. All you have to do is listen.

In the aftermath of a series of personal tragedies, Zoe throws herself into her career as a music therapist. When an unexpected friendship slowly blossoms into love, she makes plans for a new life, but to her shock and inevitable rage, some people—even those she loves and trusts most—don't want that to happen.

Sing You Home explores the delicate boundaries of identity, love, marriage, and parenthood. What happens when the outside world brutally calls into question the very thing closest to our hearts: family? Once again, Jodi Picoult gracefully brings the hidden tensions of life sharply into focus in this poignantly honest novel.
