If you LOVE fairies, if you LOVE fairy houses, gnome homes, and toad abodes, if you love to color, you will absolutely LOVE this coloring book with 55 sketches of fairy scenes. The artist has been sketching, coloring, and drawing since age five. These designs were created from the artist's hand-drawn original pen and ink sketches. There is two version of this book offered - double-pages for dry media and single-pages for wet media.

Coloring books will never lose their appeal - whether you are a pre-kindergarten toddler to the mature adult who is looking for something simple to play with for a solitary pursuit that provides artistic pleasure. This coloring book has some complicated illustrations, as well as simple line art that allows the reader (and budding artist) to pick and chose their favorite illustration, and then use colored pencils, markers, acrylics, or even crayons to add their own brilliant color combinations.

Coloring can be cathartic for those needing something that doesn't take a lot of analysis or thought, while allowing them to pick and chose their personal colors to create an artistic masterpiece. The pages of delightful and imaginative illustrations of fairy abodes allows you to relax while you wile away the hours or the day and find peace in your mind.

How can BIG KIDS (regardless of chronological age) use this coloring book? Whether the co-artist uses crayon, marker, or colored pencil, or paints – or a combination – the beautiful results can be used to pass the time, keep your mind still, go into your own personal Zen; use your hands in a creative way, or to use for a craft or art project. Once the designs are colored – give the books as gifts, use pages as scrapbook background art, or cut out the designs and use in multi-media art. The possibilities are endless!
