*James Wood*

**The Fun Stuff: And Other Essays** James Wood

Author of *How Fiction Works*

James Wood has long established himself as the leading critic of his generation. With *The Fun Stuff*, he confirms his preeminence not only as a discerning judge, but also as one of fiction's most ardent appreciators. In these twenty-three sparkling dispatches, Wood offers a panoramic look at the modern novel. He effortlessly connects his encyclopedic understanding of the literary canon—casting his eye upon such crucial writers as Thomas Hardy and Leo Tolstoy—with an equally in-depth analysis of the most important authors writing today, including Cormac McCarthy, Lydia Davis, and Aleksandar Hemon. From the brilliant title essay on Keith Moon and the lost joys of drumming to Wood's incisive piece on the writings of George Orwell, *The Fun Stuff* is indispensable reading for anyone who cares about contemporary literature.
