Back in January of 2013, when I first put fingers to keyboard and started to write my first self-help book, Learn How To Create The Perfect Mindset and Become All You Can Be Through Self Help Motivation, I couldn't have guessed how successful it would become.

That book was followed by, Achieve and Succeed, Learn The Most Effective Goal setting Techniques Ever Devised and Turn Your Dreams Into Reality, and finally and most recently, Self Help 101 Plus. 101+ Ways To Effectively Enhance Your Self-Esteem and Develop Self-Confidence, and they in their turn have become successful publications. All 3 books are now available in this compilation.

I do not take all the credit for the success of these books. I only put forth help and advice that I new had worked for me. The real heroes are those who were brave enough to take the information on board, work with it and in so doing, changed their lives for the better.

Here are some of the comments that readers were kind enough to make.
