The Netter Collection of Medical Illustrations - Urinary System: Volume 5, 2e (Netter Green Book Collection) Christopher R Kelly, Jaime Landman

The Urinary System, 2nd Edition provides a concise and highly visual approach to the basic sciences and clinical pathology of the kidney, bladder, and ureters. This volume in The Netter Collection of Medical Illustrations (the CIBA "Green Books") has been expanded and revised by Drs. Christopher Rehbeck Kelly and Jaime Landman to capture current clinical perspectives in nephrology and urology - from normal anatomy, histology, physiology, and development to glomerular and tubular diseases, infections, urological surgeries, and cancers. It also features hundreds of radiologic and pathologic images to supplement the classic Netter illustrations, as well as new illustrations created

- Get complete, integrated visual guidance on the kidney, ureters, and bladder in a single source, from basic sciences and normal anatomy and function through pathologic conditions.
- Adeptly navigate current controversies and timely topics in clinical medicine with guidance from expert editors, authors, and the input of an international advisory board.
- Gain a rich, comprehensive clinical view of the urinary system by seeing classic Netter anatomic illustrations side by side with cutting-edge radiologic images, pathology slides, and the latest molecular biology findings.
- Visualize the timely topics in nephrology and urology, including HIV-associated nephropathy, hepatorenal syndrome, laparoscopic and robotic surgeries, and tumor cryoblation.
- See current clinical concepts captured in the visually rich Netter artistic tradition via contributions from Carlos Machado, MD, and other artists working in the Netter style.

A reliable and effective reference on the urinary system with the visual support of Netter

Robert Bowser:

Would you one of the book lovers? If so, do you ever feeling doubt when you are in the book store? Make an effort to pick one book that you find out the inside because don't evaluate book by its handle may doesn't work at this point is difficult job because you are afraid that the inside maybe not because fantastic as in the outside appearance likes. Maybe you answer could be The Netter Collection of Medical Illustrations - Urinary System: Volume 5, 2e (Netter Green Book Collection) why because the amazing cover that make you consider regarding the content will not disappoint an individual. The inside or content is usually fantastic as the outside or cover. Your reading 6th sense will directly assist you to pick up this book.

Bernard Taylor:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's soul or real their hobby. They just do what the professor want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country.

Therefore this The Netter Collection of Medical Illustrations - Urinary System: Volume 5, 2e (Netter Green Book Collection) can make you really feel more interested to read.
