Investigating Shrek: Power, Identity, and Ideology

An exploration of the social significance of *Shrek* from a variety of theoretical perspectives, this book pursues two different, yet intertwined objectives. The first is to present *Shrek* as pedagogical tool that could be usefully employed in a number of different disciplines. *Shrek* is approached from a political science angle, a sociological perspective, and applied to the tenets of evolutionary psychology. The second objective is concerned with outlining some of the ways in which *Shrek* is actively bound up with various aspects of social reality--such as capitalism, power relations, inequality, rule and resistance. This book analyzes the green ogre and his companions in a way that is entertaining as well as informative.
