Alexandre Dumas

The Count of Monte Cristo [Classic Tales Edition] Alexandre Dumas

"A piece of perfect storytelling." (Robert Louis Stevenson)

Trust. Betrayal. Revenge. *The Count of Monte Cristo* is the quintessential masterpiece of Alexandre Dumas. In Edmond Dantes we find an early materialization of the modern superhero. He is a dashing young sailor imprisoned unjustly for treason. While in prison he meets a holy man who imparts to him all his wisdom of languages, philosophy, science, and literature. The "abbe" also divulges the profound secret of a hidden treasure. Dantes realizes that with such immense wealth one could do a generous amount of good for one's friends. On the other hand, one could also wreak a hateful vengeance on one's enemies.

Now freed from prison, and armed with untold riches, a wealth of intelligence, and a countenance utterly unrecognizable, Dantes fulfills his vow to wreak complete and utter revenge on those who conspired against him.
