Book 1, Fatalism -

Alexa Schaefer has been through more pain and hurt in her life than your average twenty-eight year old. She protects her heart by controlling everything around her and living her life according to a strict set of rules. For years, she has lived behind a wall, not allowing anyone into her heart. That is, until she meets Vincent, a man she can't get out of her head no matter what she tells herself.

On the outside, Vincent Mileski appears to be a confident, no nonsense attorney. A prodigy in the field of law, he has just won the biggest case of his career. Needing out of the spotlight, Vincent moves back to his home state of Colorado to get some time alone to heal from a previous betrayal. He hasn't had a woman turn his head in years, that is, until he meets Alexa. After only knowing her name and the sweet taste of her kiss, she is torn from his arms.

Book 2, Determinism -

Cara Savannah falls fast and falls hard. She always has. The problem is the kind of guys she falls for. They aren't interested in anything more than a one night stand. Finally fed up with the years of heartache and lack of meaningful relationships, she vows to turn over a new leaf. Cara is going to let love take a backseat and focus on herself. Most importantly- no more tattooed bad boys. The question is, how long can she manage to evade what fate has orchestrated for her?

Abel Mileski is every bit your typical bad boy on the exterior, but life's left him broken and jaded. After years of meaningless sex with girls only seeing him for his good looks and tattoos, he sees no value within himself. Ready for a change, he shuts down his desires and immerses himself in his career. However, when fate intervenes, he is completely unprepared. Meeting Cara ignites his desires. She's not fazed by his ink, and when he tries to charm her, he fails. Stunned by her instant dislike of him, he is determined to find out why.

After months of sexual tension, they make a decision that will forever change their lives. Will that decision be what ultimately wrecks them or brings them back together?

Book 3, Essentialism -

Bridgette Schaefer has been through more in her twenty-two years of life than most people survive in a lifetime. Finally, she can see the light at the end of the tunnel and control is within her grasp. With a fresh start ahead, there's nothing but blank pages to be filled. Unfortunately, a lie by omission quickly weaves itself into a dangerous web of half-truths. As she battles between right and wrong, she discovers that sometimes there is only defeat when it comes to matters of desire.

Troy Sorano has one rule – no lies. Yet he’s spent years hiding behind a well-placed mask, forced to hide who he yearns to be. On the outside he’s confident, fun, and sexy-as-sin, but there’s so much more hidden within. When fate intervenes, he can’t help but wonder if Bridgette could be the one to accept him for who he is. As he struggles through his fear of rejection, he discovers he’s not the only one hiding the truth.

Can Bridgette and Troy find what is essential for their happiness before it’s too late?

Book 4, Skepticism -

It’s been ten years, and I live every day with the weight of regret on my shoulders.

We’ve all done bad things, things that we are ashamed of. But those things make us the people that we are today. And today, I’m Liam Brown. When those closest to me were killed, I had to kill my former self just to stay alive. My real name is Micah Lomano, and I left my life fabricating a web of lies along the way to keep what I had done a secret. But I never forgot about Natalene, and now nothing matters...because I don’t have her.

After one fatal night rocked us to the core, everything changed.
