Introducing Architectural Theory: Debating a Discipline

Introducing Architectural Theory: Debating a Discipline

This is the most accessible architectural theory book that exists. Korydon Smith presents each common architectural subject – such as tectonics, use, and site – as though it were a conversation across history between theorists by providing you with the original text, a reflective text, and a philosophical text. He also introduces each chapter by highlighting key ideas and asking you a set of reflective questions so that you can hone your own theory, which is essential to both your success in the studio and your adaptability in the profession. These primary source texts, which are central to your understanding of the discipline, were written by such architects as Le Corbusier, Robert Venturi, and Adrian Forty. The appendices also have guides to aid your reading comprehension; to help you write descriptively, analytically, and disputationally; and to show you citation styles and how to do library-based research. More than any other architectural theory book about the great thinkers, *Introducing Architectural Theory* teaches you to think as well.

From reader reviews:

Judith Lea:

In this 21st hundred years, people become competitive in each way. By being competitive at this point, people have do something to make all of them survives, being in the middle of the particular crowded place and notice by surrounding. One thing that oftentimes many people have underestimated it for a while is reading. Yep, by reading a guide your ability to survive increase then having chance to stand up than other is high. For yourself who want to start reading a book, we give you this specific Introducing Architectural Theory: Debating a Discipline book as beginner and daily reading book. Why, because this book is more than just a book.

David Hedges:

The reason why? Because this Introducing Architectural Theory: Debating a Discipline is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will distress you with the secret this inside. Reading this book alongside it was fantastic author who write the book in such awesome way makes the content on the inside easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this any more or you going to regret it. This amazing book will give you a lot of gains than the other book have such as help improving your skill and your critical thinking way. So , still want to hold up having that book? If I were you I will go to the e-book store hurriedly.

Nicholas Tapia:

Playing with family in a very park, coming to see the coastal world or hanging out with buddies is thing that usually you may have done when you have spare time, and then why you don't try point that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Introducing Architectural Theory: Debating a Discipline, you may enjoy both. It is good combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout guys. What? Still don't understand it, oh come on its called reading friends.

Christina Vallejo:

Your reading 6th sense will not betray a person, why because this Introducing Architectural Theory: Debating a Discipline guide written by well-known writer whose to say well how to make book which can be understand by anyone who read the book. Written in good manner for you, dripping every ideas and publishing skill only for eliminate your own hunger then you still doubt Introducing Architectural Theory: Debating a Discipline as good book but not only by the cover but also by the content. This is one guide that can break don't assess book by its protect, so do you still needing one more sixth sense to pick this particular!? Oh come on your looking at sixth sense already said so why you have to listening to an additional sixth sense.
