God Seen in the Mirror of the World: An Introduction to the Philosophy of God Pierre-Marie Emonet

In a series of three small books, Pierre-Marie Emonet brings the riches of philosophy within reach of all, not just those with the time and inclination to work through erudite philosophical treatises. Having given us *The Dearest Freshness Deep Down Things* and *The Greatest Marvel of Nature*, Fr. Emonet completes his "metaphysical trilogy" with its pivotal component: the present study of the being of things and of God. The thinking of a philosopher and theologian is here presented in the language of a poet, as the author invites us to join him as he seeks to explain the relations of our world to God and God to our world.
