How can you explain this to your neighbors and family? How can parents advocate for their children in elementary schools? What are the current laws on the rights of transgender children? What do doctors specializing in gender variant children recommend? What do the therapists say? What advice do other families who have trans kids have? What about hormone blockers and surgery? What issues should your college-bound trans child be thinking about when selecting a school? How can I best raise my gender variant or transgender child with love and compassion, even when I barely understand the issues ahead of us? And what is gender, anyway? These questions and more are answered in this book offering a deeper understanding of gender variant and transgender children and teens.
