800+ Measurable IEP Goals and Objectives: For use in K - 12 and in Home School Settings Chris de Feyter

800+ Measurable IEP Goals and Objectives for use in K - 12 and in Home School Settings consists of a collection of more than 800 SMART Goals that can be used in Home Schooling settings, General Education settings, or Special Education settings. All goals have been sorted into the following categories and areas of development, and now include two sections specifically focusing on English Language Arts and Mathematics.

- English language Arts.
- Mathematics.
- Personal and Social well-being.
- Communication.
- Independence.
- Problem Solving.
- Work Habits.
- Safety.
- Transition.
- Sensory.
- Motor Skills.
- Physical Health.
- Medical Care.
- Personal Care.

All of these SMART Goals have been **approved** and have been used in actual teaching situations in general and special education. These SMART Goals can be used as is, but better is it to revise the selected SMART Goals to accurately fit with the *Current level of Performance* of the student.

Most of the SMART Goals are written using the formula below. In some cases, a slightly different format was used.

"Time - Student - Support - Skill - Accuracy and Measurement, Documentation."

(Example) By June 2017, Student X will independently be able to choose a SMART Goal from this database 100% of time, as documented in the trial logs.

This collection of SMART Goals will help educators and home schools **jump start** the creation of an Individual Education Plan. For students receiving Tier 2 interventions in a Response to Intervention Model, these goals can be used as Short-Term Objectives to guide educational programming.

The Paperback version now comes with the optional Kindle version at no extra cost!
