Princes and Pirates of America both left their legacies in our country...stolen in darkness buried in mystery and sealed with blood...! EXCERPTS: PRINCE MADOC In Search of the First King in America Madoc ap Owaine Gwynned A mild Prince of Wales is said to have left his homeland in the 12th century to keep from killing his brothers and kinsmen in a senseless war over their inheritance. There are also those who believe in a legend of a Prince Madoc sailing to America in the 6th century. The legend says Prince Madoc brought 70 ships and 70,000 people from Wales. Perhaps there were two Prince Madocs and the first left maps and information to his heirs and 500 years later a young Prince of the family arose and followed the maps. For now, we will deal with the 1170 legend. It has even been speculated this Prince traveled to the lands of the Mayans and perhaps was thought of as a white god or ruler coming back to rescue them. DESOTO Here is why I believe I've located the area where Mabila should be waiting all these years to be discovered. Landmarks change and especially riverbeds. HIDDEN CITY of GOLD in ALABAMA? I say, "should be" for a reason...there is another layer of mystery on top of this layer! The accounts could be a cover up for a literal "City of Gold" hidden somewhere on this trail of murder and deceit! More on this later...! LEGEND - STORIES - TALES Stand amazed for royalty plied these waters...Princes, Chieftains, Governors and others who had no title but Solomon said, "I have seen Peasants on horseback and Princes on foot"! Many of these Princes will never be honored, whose names are hidden under shifting sands of unwritten history. Bringing their WEALTH with them, many left it here. There are still Princes on these shores! Let's go find them, buried just under our feet! As author and historian, Harry's research is intended to shed further light on the history of who we are and where we came from...then, perhaps we can know somewhat, where we are heading.
