## Aristotle: Introductory Readings (Hackett Classics) Aristotle

Drawn from the translations and editorial aids of Irwin and Fine's Aristotle, *Selections* (Hackett Publishing Co., 1995), this anthology will be most useful to instructors who must try to do justice to Aristotle in a semester-long ancient-philosophy survey, but it will also be appropriate for a variety of introductory-level courses. *Introductory Readings* provides accurate, readable, and integrated translations that allow the reader to follow Aristotle's use of crucial technical terms and to grasp the details of his argument. Included are adaptations of the glossary and notes that helped make its parent volume a singularly useful aid to the study of Aristotle.
