Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid Tao Jiang, Zhiqiang Wang, Yang Cao

Resource allocation is an important issue in wireless communication networks. In recent decades, cognitive radio-based networks have garnered increased attention and have been well studied to overcome the problem of spectrum scarcity in future wireless communications systems. Many new challenges in resource allocation appear in cognitive radio-based networks. This book focuses on effective resource allocation solutions in several important cognitive radio-based networks, including opportunistic spectrum access networks, cooperative sensing networks, cellular networks, high-speed vehicle networks, and smart grids.

Cognitive radio networks are composed of cognitive, spectrum-agile devices capable of changing their configuration on the fly based on the spectral environment. This capability makes it possible to design flexible and dynamic spectrum access strategies with the purpose of opportunistically reusing portions of the spectrum temporarily vacated by licensed primary users. Different cognitive radio-based networks focus on different network resources, such as transmission slots, sensing nodes, transmission power, white space, and sensing channels.

This book introduces several innovative resource allocation schemes for different cognitive radio-based networks according to their network characteristics:

- **Opportunistic spectrum access networks** – Introduces a probabilistic slot allocation scheme to effectively allocate the transmission slots to secondary users to maximize throughput
- **Cooperative sensing networks** – Introduces a new adaptive collaboration sensing scheme in which the resources of secondary users are effectively utilized to sense the channels for efficient acquisition of spectrum opportunities
- **Cellular networks** – Introduces a framework of cognitive radio-assisted cooperation for downlink transmissions to allocate transmission modes, relay stations, and transmission power/sub-channels to secondary users to maximize throughput
- **High-speed vehicle networks** – Introduces schemes to maximize the utilized TV white space through effective allocation of white space resources to secondary users
- **Smart grids** – Introduces effective sensing channel allocation strategies for acquiring enough available spectrum channels for communications between utility and electricity consumers

From reader reviews:

John Harris:

Book will be written, printed, or highlighted for everything. You can realize everything you want by a book. Book has a different type. As you may know that book is important matter to bring us around the world. Alongside that you can your reading ability was fluently. A guide Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid will make you to become smarter. You can feel much more confidence if you can know about almost everything. But some of you think this open or reading any book make you bored. It is far from make you fun. Why they are often thought like that? Have you looking for best book or suitable book with you?

Patricia Stokes:

This Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid are generally reliable for you who want to be considered a successful person, why. The reason why of this Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid can be one of several great books you must have is definitely giving you more than just simple looking at food but feed a person with information that perhaps will shock your preceding knowledge. This book is actually handy, you can bring it everywhere you go and whenever your conditions both in e-book and printed kinds. Beside that this Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid forcing you to have an enormous of experience for example rich vocabulary, giving you trial of critical thinking that we all know it useful in your day pastime. So , let's have it and revel in reading.

Jane Pelley:

Your reading 6th sense will not betray you actually, why because this Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid reserve written by well-known writer we are excited for well how to make book which might be understand by anyone who also read the book. Written with good manner for you, still dripping wet every ideas and producing skill only for eliminate your hunger then you still skepticism Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid as good book not just by the cover but also by content. This is one reserve that can break don't determine book by its cover, so do you still needing one more sixth sense to pick this kind of!? Oh come on your reading through sixth sense already alerted you so why you have to listening to an additional sixth sense.

Richard Dean:

That guide can make you to feel relax. That book Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid was vibrant and of course has pictures on the website. As we know that book Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid has many kinds or genre. Start from kids until teens. For example Naruto or Investigator Conan you can read and believe that you are the character on there. Therefore , not at all of book tend to be make you bored, any it can make you feel happy, fun and rest. Try to choose the best book to suit your needs and try to like reading which.

Download and Read Online Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid Tao Jiang, Zhiqiang Wang, Yang Cao #T02O41PHXG9

Read Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid by Tao Jiang, Zhiqiang Wang, Yang Cao for online ebook

Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid by Tao Jiang, Zhiqiang Wang, Yang Cao Free PDF download, audio books, books to read, good books to read, cheap books, good books, online books, books online, book reviews epub, read books online, books to read online, online library, greatbooks to read, PDF best books to read, top books to read Cognitive Radio Networks: Efficient Resource Allocation in Cooperative Sensing, Cellular Communications, High-Speed Vehicles, and Smart Grid by Tao Jiang, Zhiqiang Wang, Yang Cao books to read online.
