Staying Lean: Thriving, Not Just Surviving, Second Edition

Peter Hines, Pauline Found, Gary Griffiths, Richard Harrison

Staying Lean: Thriving, Not Just Surviving, Second Edition Peter Hines, Pauline Found, Gary Griffiths, Richard Harrison

The first edition of this highly acclaimed publication received a *Shingo Research and Professional Publication Prize* in 2009. Explaining how to create and sustain a Lean business, it followed Cogent Power's first two Lean Roadmaps along their journey.

Since then, much has changed. Several members of Cogent Power's senior management have moved on, steel prices have declined, and the credit crisis has sparked an unstable global economy. Set against these developments, **Staying Lean: Thriving, Not Just Surviving, Second Edition** reports on Cogent Power's response to these issues?detailing how they worked through their third Lean Roadmap. It also:

- Guides readers with readily reproducible advice and an easy-to-follow model for sustaining Lean improvements
- Presents a case study of a successful multinational Lean implementation
- Covers a six-year Lean transformation from start to finish, illustrating the application of three distinct roadmaps

Focusing on how to sustain change, the new edition of this bestselling reference, illustrates the experience of a multi-national company that successfully implemented Lean in its manufacturing and commercial operations. Based on a model of sustainable change, the text defines by example the elements of successful Lean management that are often difficult to emulate as well as the more visible features of process management.

So , for all you who want to start reading as your good habit, you could pick Staying Lean: Thriving, Not Just Surviving, Second Edition become your starter.

Billie Brown:

As a scholar exactly feel bored to be able to reading. If their teacher requested them to go to the library or make summary for some reserve, they are complained. Just small students that has reading's soul or real their interest. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Staying Lean: Thriving, Not Just Surviving, Second Edition can make you truly feel more interested to read.
